To
The Director of Industries and Commerce,
Government of Madras, Madras.

Dear Sir,

Sub: Steel pipes tubes and fittings.

Ref: My letter No.ISC.69/PI(2)/II/3472 dated 26/28th June' 47 addressed to the Secretary, Development Department Madras, copy endorsed to Mr.A.Khaleeli.

I have to advise you that your Province has been allotted a quota of 53,400 feet of screwed and socketed tubes and 5,340 fittings for period IV (October to December 1947 inclusive) and you may issued permits up to this feetage of pipes and tubes and number of fittings for supply from the pipe and tube stockists given below during Period IV/1947.

As before, you are required to send two copies of the permits to this Directorate for record.

Pipe and tube stockists are only authorised to supply the quantities given above against permits received from you during Period IV/1947. Any quantities for which you have not issued permits against your period III/1947 quota will therefore be cancelled at the end of September.

If, instead of issuing permits to users, you prefer to arrange for the tubes and fittings to be stocked locally, there would be no objection to your issuing a permit or permits infavour of stockists of your choice in centres other than Madras. These stockists may not however charge more than the cost of the tubes and fittings plus 10% and the actual freight paid by them.

Demands for other categories of pipes and tubes should be certified by the appropriate advisory authority and sent to this office for compliance. Such tubes are not included in the quota given above.

Stockists:- The Madras Circle Pipe Dealers Assn Ltd.,
80, Sembudoss St., G.T., Madras.

Yours faithfully,
